Index of Authors

BAKER, J. R., GREEN, SHEILA M., CHALONER, LISBETH A. and GABORAK, MARIA. *Trypanosoma (Schizotrypanum) dionisii* of *Pipistrellus pipistrellus* (Chiroptera): intra- and extracellular development *in vitro*. (With 2 Plates and 2 Figures in the Text), 251

BARTHOLOMEW, R. K. *See* PHILLIPS, R. S.

BEER, R. J. S. A rapid technique for the concentration and collection of Helminth eggs from large quantities of faeces. (With 2 Figures in the Text), 343

BHAT, H. R. *See* MISHRA, A. C.

BRUCE, A. J. *Filophryxus dorsalis* gen. nov., sp.nov., an unusual bopyrid parasite from eastern Australia, 351

CHALONER, LISBETH A. *See* BAKER, J. R.

COX, F. E. G. Protective heterologous immunity between *Plasmodium atheruri* and other *Plasmodium* spp. and *Babesia* spp. in mice. (With 3 Figures in the Text), 379

COX, F. E. G. Immunity to malaria and piroplasmosis in mice following low level infections with *Anthemosoma garnhami* (Piroplasmea: Dactylosomidae). (With 5 Figures in the (Text), 389

COX, F. E. G. Absence of immunity between *Trypanosoma musculi* and intra-erythrocytic protozoa in mice, 399

CROMPTON, D. W. T. *See* LINGARD, ANN M.

FERNANDO, M. A. *See* HUTCHINSON, G. W.

GABORAK, MARIA *See* BAKER, J. R.

GALUN, RACHEL *See* LEAHY, Sr. MARY GERALD.

GAMAGE, K. *See* HAWKING, F.

GASSOUMA, M. S. S. Microsporidan parasites of *Simulium ornatum* Mg. in South England. (With 6 Plates and 7 Figures in the Text), 27

GOODALL, R. IAN. The growth of *Hymenolepis microstoma* in the laboratory rat. (With 3 Figures in the Text), 137

GRAY, J. S. The effect of host age on the course of infection of *Raillietina cesticillus* (Molin, 1858) in the fowl. (With 5 figures in the Text), 235

GRAY, J. S. Studies on the course of infection of the poultry cestode *Raillietina cesticillus* (Molin, 1858) in the definitive host. (With 5 Figures in the Text), 243

GREEN, SHEILA M. *See* BAKER, J. R.

GUTTERIDGE, W. E. *See* TRIGG, P. I.

HAWKING, F., GAMAGE, K. and WORMS, M. J. The asexual and sexual circadian rhythms of *Plasmodium vinckei chabaudi*, of *P. berghei* and of *P. gallinaceum*. (With 8 Figures in the Text), 189

HAWKING, FRANK. *Entopolypoides macaci*, a Babesia-like parasite in *Cercopithecus* monkeys. (With 5 Figures in the Text), 89

HEYNEMAN, D. *See* JEYARASASINGHAM, U.

HEYNEMAN, D., LIM, H.-K. and JEYARASASINGHAM, U. Antagonism of *Echinostoma liei* (Trematoda: Echinostomatidae) against the trematodes *Paryphostomum segregatum* and *Schistosoma mansoni*, 223

HILTON, DONALD F. J. and MAHRT, JEROME L. Taxonomy of trypanosomes (Protozoa: Trypanosomatidae) of *Spermophilus* spp. (Rodentia: Sciuridae). (With 9 Figures in the Text), 403

HILTON, DONALD F. J. and MAHRT, JEROME L. Prevalence of *Trypanosoma otospermophili* (Protozoa: Trypanosomatidae) in five species of *Spermophilus* (Rodentia: Sciuridae). (With 3 Figures in the Text), 427

HO, JU-SHEY. Copepods of the family Chondracanthidae (Cyclopoida) parasitic on South African marine fishes. (With 7 Figures in the Text), 147

HODASI, J. K. M. The effects of *Fasciola hepatica on Lymnaea truncatula*. (With 5 Figures in the Text), 359

HOPKINS, C. ADRIAN, SUBRAMANIAN, G. and STALLARD, HELEN. The effects of immunosuppressants on the development of *Hymenolepis diminuta* in mice. (With 5 Figures in the Text), 111

HUTCHINSON, G. W., LEE, E. H. and FERNANDO, M. A. Effects of variations in temperature on infective larvae and their relationship to inhibited development of *Obeliscoides cuniculi* in rabbit. (With 2 Figures in the Text), 333

JENKINS, D. CONWIL. *Nippostrongylus brasiliensis:* observations on the comparative immunogenicity of adult worms from primary and immune-adapted infections, 547

JEYARASASINGHAM, U., HEYNEMAN, D., HOK-KAN LIM and MANSOUR, N. Life cycle of a new echinostome from Egypt, *Echinostoma liei* sp.nov. (Trematoda: Echinostomatidae). (With 1 Plate and 16 Figures in the Text), 203

JEYARASASINGHAM, U. *See* HEYNEMAN, D.

KENNAUGH, J. H. Some observations on the cuticle of the larvae of *Hypoderma bovis* and *Hypoderma diana* (Oestridae). (With 1 Plate and 1 Figure in the Text), 121

KENNEDY, C. R. The effect of temperature and other factors upon the establishment and survival of *Pomphorhynchus laevis* (Acanthocephala) in goldfish *Carassius auratus*. (With 6 Figures in the Text), 283

KENYANJUI, E. N. *See* ROGERS, A.

KLIMES, B., ROOTES, D. G. and TANIELIAN, ZABEL. Sexual differentiation of merozoites of *Eimeria tenella*. (With 2 Plates), 131

KULKARNI, S. M. *See* MISHRA, A. C.

KUSEL, J. R. Protein composition and protein synthesis in the surface membranes of *Schistosoma mansoni*. (With 1 Plate and 8 Figures in the Text), 55

LACKIE, J. M. The effect of temperature on the development of *Moniliformis dubius* (Acanthocephala) in the intermediate host, *Periplaneta americana*. (With 1 Plate and 1 Figure in the Text), 371

LACKIE, J. M. and ROTHERAM, SUSAN. Observations on the envelope surrounding *Moniliformis dubius* (Acantholcephala) in the intermediate host, *Periplaneta americana*. (With 3 Plates), 303

LEAHY, SR. MARY GERALD and GALUN, RACHEL. Effect of mating on oogenesis and oviposition in the tick *Argas persicus* (Oken). (With 7 Figures in the Text), 176

LEDGER, M. A. *See* PURNELL, R. E.

LEE, D. L. Changes in the ultrastructure in the caecum of chickens caused by *Trichomonas gallinarum*. (With 5 Plates), 71

LEE, D. L. Penetration of mammalian skin by the infective larva of *Nippostrongylus brasiliensis*. (With 4 Plates), 499

LEE, D. L. and MILLARD, B. J. Fine structural changes in *Eimeria tenella* from infections in chick embryos and chickens, after exposure to the anticoccidial drug robenidene. (With 5 Plates), 309

LEE, E. H. *See* HUTCHINSON, G. W.

LIM, H.-K. *See* HEYNEMAN, D.

LIM, HOK-KAN, *See* JEYARASASINGHAM, U.

LINGARD, ANN M. and CROMPTON, D. W. T. Observations on the establishment of *Polymorphus minutus* (Acanthocephala) in the intestines of domestic ducks. (With 2 Figures in the Text), 159

LONG, P. L. and ROSE, M. ELAINE. Immunity to coccidiosis: effect of serum antibodies on cell invasion by sporozoites of *Eimeria in vitro*. 437

LONDT, J. G. H. and WHITEHEAD, G. B. Ecological studies of larval ticks in South Africa (Acarina: Ixodidae). (With 11 Figures in the Text), 469

MCLAREN, DIANE J. Ultrastructural studies on microfilariae (Nematoda: Filarioidea). (With 6 Plates and 1 Figure in the Text), 317

MCLAREN, DIANE J. Ultrastructural and cytochemical studies on the sensory organelles and nervous system of *Dipetalonema viteae* (Nematoda: Filarioidea). (With 4 Plates and 1 Figure in the Text), 507

McVicar, A. H. The ultrastructure of the parasite-host interface of three tetraphyllidean tapeworms of the elasmobranch *Raja naevus*. (With 4 Plates and 3 Figures in the Text), 77
Mahrt, Jerome L. *See* Hilton, Donald F. J.
Mansour, N. *See* Jeyrasasingham, U.
Matthews, B. E. Invasion of skin by larvae of the cat hookworm, *Ancylostoma tubaeforme*. (With 1 Plate and 4 Figures in the Text), 457
Miles, M. A. *Trypanosoma cruzi* – milk transmission of infection and immunity from mother to young, 1
Millard, B. J. *See* Lee, D. L.
Mishra, A. C., Bhat, H. R. and Kulkarni, S. M. *Hoplopleura ramgarh* sp. nov. and *Hoplopleura sinhgarh* sp.nov. (Anoplura: Hoplopleuridae), parasitizing *Mus* spp. (Rodentia: Muridae) in India. (With 18 Figures in the Text), 11

Nappi, A. J. and Stoffolano Jr., J. G. Haemocytic changes associated with the immune reaction of nematode-infected larvae of *Orthellia caesarion*. (With 5 Plates), 295

Obatre, J. B. *See* Purnell, R. E.

Phillips, R. S., Trigg, P. I., Scott-Finnigan, T. J. and Bartholomew, R. K. Culture of *Plasmodium falciparum in vitro*: a subculture technique used for demonstrating antiplasmodial activity in serum from some Gambians, resident in an endemic malarious area. (With 1 Plate and 1 Figure in the Text), 525
Purnell, R. E., Ledger, M. A. and Obatre, J. B. Some effects of irradiation on *Theileria parva* in the salivary glands of the tick *Rhipicephalus appendiculatus*. (With 1 Plate), 23

Reader, Trevor A. J. Ultrastructural and cytochemical observations on the body wall of the redia of *Sphaeridiotrema globulus* (Rudolphi, 1819). (With 4 Plates and 1 Figure in the Text), 537

Index of Subjects

Ancylostoma tubaeforme, invasion of skin by larvae, 457
Anthemosoma garnhami, low level infections leading to immunity to malaria, 389
Antibodies, passive protection to coccidiosis with, 437
Antibody, indirect fluorescent antibody test, 1
Antiplasmodial activity, in Gambian serum, 525
Arctonyx collaris, *Toxocara vajrasthirae* sp.nov., from, 491
Argas persicus, effect of mating on oogenesis and oviposition, 176

Babesia spp., protective heterologous immunity between *Plasmodium* spp. and, 379
Babesia-like parasite in *Cercopithecus* monkeys, 89

Carassius auratus, factors affecting development of *Pomphorhynchus laevis* in, 283
Chaetotaxy, of tick larvae, 447
Chicken, infection with *Raillietina cesticillus*, 235, 243
ultrastructural changes in caecum, 71
Chondracanthidae, copepods parasitic on South African marine fishes, 147
Coccidiosis, immunity to, 273
Collection, of Helminth eggs from faeces, 343
Culture, *in vitro* of *Plasmodium falciparum*, 525
serial, of malarial parasites, 265
Cuticle, of larvae of *Hypoderma* spp., 121
Cytochemistry, of body wall of redia of *Sphaeridiotrema globulus*, 537
of sensory organelles and nervous system of *Dipetalonema viteae*, 507

Development, of *Hymenolepis diminuta*, effect of immunosuppressants, 111
of *Moniliformis dubius*, effect of temperature, 371
of *Obeliscoides cuniculi*, effect of temperature, 333
of *Trypanosoma* (*Schizotrypanum*) *dionisii in vitro*, 251
Dipetalonema viteae, ultrastructural and cytochemical studies, 507
Distribution, of larval Ixodidae relative to microclimate, 469
Duck, establishment of *Polymorphus minutus* in intestines, 159

Earthworms, distribution of acephaline gregarines of, 47
Echinostoma liei sp.nov., antagonism against trematodes, 223
life cycle of, 203
Eimeria, effect of serum antibodies on cell invasion by sporozoites of, 437
Eimeria maxima, maternal transfer of immunity, 273
Eimeria tenella, effect of anticoccidial drugs on fine structure, 309
sexual differentiation of merozoites, 131
Entopolypoides macaci, in *Cercopithecus* monkeys, 89
Envelope, surrounding *Moniliformis dubius* in *Periplaneta americana*, 303
Environmental factors, effect on development of *Obeliscoides cuniculi*, 333

Fasciola hepatica, effect on *Lymnaea truncatula*, 359
gland cells in redia of, 433
Filophryxus dorsalis, gen. nov., sp.nov., 351
Fine structure, effect of drugs on, in *Eimeria tenella*, 309
Fishes, copepods of the family Chondracanthidae, parasitic on, 147

Gland cells, in redia of *Fasciola hepatica*, 433
Glossina fuscipes, infection with *Trypanosoma brucei* subgroup, 143
Gregarines, acephaline, distribution in British earthworms, 47
Growth, of *Lymnaea truncatula*, effect of *Fasciola hepatica*, 359

Haemocytic changes, in nematode-infected larvae, 259
Helminth eggs, technique for rapid collection, 343
Heterotylenchus autumnalis, infection with *Orthellia caesarion*, 259
Hymenolepis diminuta, effect of immunosuppressants on development, 111
Hymenolepis microstoma, in laboratory rat, 137
Hoplopleura ramgarh sp.nov., in *Mus* spp., 11
Hoplopleura sinhgarh sp.nov., in *Mus* spp., 11
Hypoderma bovis, cuticle of larva, 121
Hypoderma diana, cuticle of larva, 121

Immune, reaction, haemocytic changes associated with, 295
serum, from Gambians, 525
Immune-adapted worms, 547
Immunity, absence of, between *Trypanosoma musculi* and intra-erythrocytic protozoa in mice, 399
protective heterologous, between *Plasmodium* and *Babesia* spp., 379
to coccidiosis, 273, 437
to malaria, following infections with *Anthemosoma garnhami*, 389
to *Trypanosoma cruzi*, milk transmission of, 1
Immunogenicity, comparative, of adult *Nippostrongylus brasiliensis*, 547
Immunosuppressants, effect on development of *Hymenolepis diminuta*, 111
effect on *Hymenolepis microstoma*, 137
Infection, establishment of *Polymorphus minutus* in ducks, 159
milk transmission of *Trypanosoma cruzi*, 1
of *Glossina fuscipes* with *Trypanosoma brucei* subgroup, 143
Intra-erythrocytic protozoa in mice, 399
Invasion, of skin by cat hookworm larvae, 457
Irradiation, with ^{60}Cobalt, effect on *Theileria parva*, 23

Larvae, of British Metastriata, 447
Life cycle, of *Echinostoma liei*, sp. nov., 203
Lymnaea truncatula, effect on *Fasciola hepatica*, 359

Malaria, immunity to, after infection with *Anthemosoma garnhami*, 389
Membranes, surface, of *Schistosoma mansoni*, 55
Merozoites, sexual differentiation of *Eimeria tenella*, 121
Metastriata, British, larvae of, 447
Microfilariae, ultrastructure of, 317
Microsporidan parasites, of *Simulium ornatum*, 27
Moniliformis dubius, effect of temperature on development, 371
observations on the envelope, 303
Monkeys, *Cercopithecus*, Babesia-like parasite in, 89
Monocystids, distribution in British earthworms, 47
Mus spp., new parasites of, 11

New genus, *Filophryxus dorsalis*, sp.nov., from *Periclimenes hertwigi*, 351
New species, *Echinostoma liei* from *Biomphalaria alexandrina*, 203
Filophryxus dorsalis, gen. nov. from *Periclimenes hertwigi*, 351
Hoplopleura ramgarh from *Mus platythrix*, 11
Hoplopleura sinhgarh from *Mus* sp., 11
Toxocara genettae from *Genetta felina*, 179
Toxocara vajrasthirae from *Arctonyx collaris*, 491
Toxocara sprenti from *Viverricula indica*, 179
Nippostrongylus brasiliensis, comparative immunogenicity of adult worms, 547
penetration of mammalian skin by larvae of, 499

Obeliscoides cuniculi, effect of temperature variations on larvae, 333
Oogenesis, effect of mating in tick, 176

Orthellia caesarion, nematode-infected larvae of, 295
Oviposition, effect of mating in tick, 176

Paryphostomum segregatum, antagonism by *Echinostoma liei*, sp.nov., 223
Penetration, of mammalian skin by larvae of *Nippostrongylus brasiliensis*, 499
Periplaneta americana, envelope surrounding *Moniliformis dubius* in, 303
Pipistrellus pipistrellus, *in vitro* development of trypanosomes from, 251
Plasmodium berghei, circadian rhythms of, 189
Plasmodium falciparum, culture *in vitro*, 525
Plasmodium gallinaceum, circadian rhythms of, 189
Plasmodium knowlesi, serial culture of, 265
Plasmodium spp., protective heterologous immunity between *Babesia* spp. and, 379
Plasmodium vinckei chabaudi, circadian rhythms of, 189
Polymorphus minutus, establishment in domestic ducks, 159
Pore canals, in cuticle of larvae of *Hypoderma* spp., 121
Primary infection worms, 547
Protein, composition and synthesis in surface membranes of *Schistosoma mansoni*, 55

Raillietina cesticillus, course of infection in domestic fowl, 243
effect of host age on course of infection, 235
Raja naevus, ultrastructure of interface with tapeworm, 77
Rattus norvegicus, growth of *Hymenolepis microstoma* in, 137
Redia, of *Fasciola hepatica*, gland cells in, 433
of *Sphaeridiotrema globulus*, body wall, 537
Rhipicephalus appendiculatus, infection of salivary glands by *Theileria parva*, 23
Rhythms, circadian, of malaria parasites, 189
RNA synthesis, deficiency during the first *in vitro* cycle of *Plasmodium knowlesi*, 265
Robenidene, effect of fine structure of *Eimeria tenella*, 309

Salivary gland, of *Rhipicephalus appendiculatus*, 23
Schistosoma mansoni, antagonism of *Echinostoma liei*, sp.nov., 223
proteins in surface membranes, 55
Sensory organelles, of *Dipetalonema viteae*, 507
Serum antibodies, effect on cell invasion of *Eimeria* sporozoites, 437
Sexual differentiation, of *Eimeria tenella* merozoites, 131
Simulium ornatum, microsporidan parasites of, 27
Skin, invasion of by cat hookworm larvae, 457
mammalian, invasion by *Nippostrongylus brasilensis*, 499
Spermophilus spp., prevalence of *Trypanosoma otospermophili* in, 427
taxonomy of trypanosomes of, 403
Sphaeridiotrema globulus, observations on body wall of redia, 537
Spore measurements, techniques for microsporidan, 27

Tapeworm, tetraphillidean, ultrastructure of parasite-host interface, 77
Taxonomy, of trypanosomes of *Spermophilus* spp., 403
Technique, for collection of Helminth eggs from faeces, 343
Temperature, effect on development of *Moniliformis dubius*, 371
effect on *Obeliscoides cuniculi* in rabbit, 333
effect on *Pomphorhynchus laevis*, 283
Theileria parva, effect of irradiation on, in tick salivary gland, 23
Tick, *Argas persicus*, effect of mating on oviposition and oogenesis, 176
chaetotaxy of larvae, 447
ecological studies of larvae, 469
Tissue culture, growth of trypanosomes in, 251
Toxocara, two new species from viverrid hosts, 179
Toxocara vajrasthirae sp.nov., from hog-badger, 491
Trichomonas gallinarum, cause of ultrastructural changes in chicken caecum, 71
Trypanosoma brucei subgroup, infection of *Glossina fuscipes*, 143

Trypanosoma cruzi, milk transmission of infection and immunity, 1
Trypanosoma musculi, absence of immunity between intra-erythrocytic protozoa in mice, 399
Trypanosoma otospermophili, prevalence of, 427
Trypanosoma (*Schizotrypanum*) *dionisii*, development *in vitro*, 251
Trypanosomes, taxonomy of, in *Spermophilus* spp., 403

Ultrastructure, changes caused by *Trichomonas gallinarum*, in chicken caecum, 71
of *Dipetalonema viteae*, 507
of microfilariae, 317
of redia of *Sphaeridiotrema globulus*, 537

Water balance, of non-parasitic ixodid tick larvae, 469
